

ABSTRACT AMENDMENTS:

Please amend the "Abstract of the Disclosure" section as follows:

--A method which can allow subscribers to select an international telephone service provider and appropriately provide a wireless communication service to a mobile station subscribed to a foreign wireless communication system is disclosed. The method includes the steps of: a) storing information as to whether the international roaming mobile station subscribes to an international roaming service in a subscriber profile of the mobile station; b) storing MSC IDs in a database of HLR; c) determining whether a REGNOT message is from an MSC of a home system based on the MSC IDs stored in the database when the REGNOT message is inputted from the MSC to the HLR; and d) sending information as to whether the international roaming mobile station subscribes to the international roaming service to the MSC based on the subscriber information when the [[RENOT]] REGNOT message is not from the home system.--
